Such information will be used by the Scheme's administrators to determine the benefits payable to you and your beneficiaries.

In addition, we may hold any or all of the following items of personal information about you:

Your personal data is provided to the data controllers by the principal and/or participating employer of the Scheme or may be obtained directly from you. It is not publicly accessible data. The personal data collected relates to your employment and membership of the Scheme. We will keep your personal information for as long as we have a relationship with you or your dependants. When deciding how long to keep your personal information after that relationship ends, we take into account our legal obligations and regulators' expectations.

The Trustee shares your data with the Scheme's administrator, Aptia, the Scheme Actuary, the sponsoring employers and AVC providers. They may also share data with the Trustee's other professional advisers (including the legal adviser, Scheme Auditor and pension consultants), regulatory bodies (including, but not limited to, HM Revenue and Customs, the Department for Work and Pensions and the Pensions Regulator), and relevant insurers including Canada Life, (a UK regulated bulk annuity provider with whom the Trustee has secured members' benefits). We have measures in place to protect your data and when sharing your personal data with the administrator or another third party we will make sure that they too have appropriate measures in place to protect your data.

Your data may be shared by the Scheme's administrator with sub-processors for particular outsourced activities such as bulk printing jobs, confirmation of address/existence, offsite backup and archive.

The Scheme administrators, on behalf of the Trustee, will use your personal data to ensure that the correct benefits can be paid to you and that your requests can be dealt with efficiently, in accordance with the Trustee's **legal obligation** to run the Scheme in accordance with the Trust Deed and Rules. The Trustee and / or administrators may contact you directly in order to provide relevant information, or to deal with your queries.

In addition, it is in your and the Trustee's **legitimate interests** to use your personal information to:

- Keep up to date and accurate records about your membership of the Scheme so that the correct benefits can be paid
- Undertake risk-management exercises so that the risk your benefits are not paid is reduced
- Comply with the law, including regulations and guidance issued by the Pensions Regulator so that you, the Trustee and their advisers are not subject to legal sanctions which may impact benefits
- Efficiently manage the impact of any change to the legal status of the sponsoring company so that your benefits are not adversely affected for example by a sale or company merger

The Scheme Actuary uses your personal data to advise the Trustee on the financial management of the Scheme. This advice helps to ensure the Trustee is able to meet their obligations to pay members' benefits, and is necessary to comply with obligations placed on them by legislation.

The Scheme Actuary will not pass your personal data to any third party without the prior agreement of the Trustee.

Where we store your personal data

The data we collect from you will usually be stored in the UK.

However, if you live or work outside the UK, we may need to transfer data outside of the UK to respond to any queries that you may have. Data may also be transferred outside the UK where the Scheme's service providers or third party providers such as insurers store data in a country outside the UK. Where this applies, we will take all steps reasonably necessary to ensure that data is treated securely and in accordance with this privacy notice.

These transfers will be governed by Data Protection Legislation. We may transfer data outside the UK to a country which the UK government considers ensures a level of protection that is not materially lower than UK standards. This includes countries in the European Economic Area (EEA). If the transfer is not one that would be approved by the UK government, we may only transfer data if appropriate safeguards are in place and we consider that the level of protection provided for data subjects is not materially lower than UK standards. You can contact us if you would like more information about these safeguards.

Please contact us if you want further information on the specific mechanism used by us when transferring your personal data internationally.

From time to time, we may need to share Scheme personal information with other organisations in order to administer the Scheme. In keeping with our duty to act in the best interests of Scheme beneficiaries and our other legal obligations, we will only share personal information when necessary and fair, and when we are satisfied that it will remain secure.
